Partner Grant Coordinator

Spokane Independent Metro Business Alliance (SIMBA)

RFP open until filled

Budget: \$6,000

Term: Present to May 31, 2023

About SIMBA

SIMBA is the independent business alliance of the Spokane-Coeur d'Alene metro region. We build a prosperous, equitable, and local economy by organizing and educating regional businesses, consumers, and partners.

SIMBA envisions a connected, interdependent, supportive, and collaborative local economy with shared opportunities, broadened ownership, and unique community character.

PROJECT OVERVIEW

The purpose of this project is to benefit low-income, underserved, and rural communities by helping businesses that are members of these communities thrive through participation in the Live Local INW Community Marketplace.

Across the Inland Northwest in both urban and rural communities, under-represented and smaller-sized businesses lack reliable, easy-to-use, and values-aligned tools to promote their businesses and products and reach the much larger pool of local-first customers outside their town or county. This is especially noted along the main streets of smaller and rural communities in the region like Colfax, Kettle Falls, Palouse, or Colville. This project will help diverse, local, independent businesses in these areas bridge the rural-urban gap by connecting them with regional market consumers looking for their unique goods and services. It will also support businesses by closing the digital divide that keeps many entrepreneurs limited to Facebook, email, and foot traffic promotion to find, engage, and serve a much larger audience of "good fit" customers.

This Live Local INW Community Marketplace project will create an online and mobile app-powered community marketplace platform that attracts and equitably directs the economic

potential of individual consumers, locally-owned businesses, and institutions across Washington State who want an easier way to shop and buy locally.

By expanding our existing commitment to provide the resources and tools for local businesses and business serving organizational partners, this project will make it much easier for regional consumers to support a diverse network of rural and urban microenterprise businesses.

This project will serve to catalyze invaluable opportunities for the newly-formed Business Equity Coalition of the Inland Northwest (BECiN) to strengthen relationships among its coalition members and community partners, and to give regional consumers and institutions another way to strengthen the resilience and equitable representation of our local and regional economies. In addition to the marketplace, the project consists of outreach to partner organizations and local businesses, and grantmaking.

BUDGET AND TIMELINE ACKNOWLEDGEMENT

We want to highlight and provide context for the RFP timeline requirements and budget, which are unique to this opportunity.

This contract is being funded through a special, one-time grant from the Washington State Department of Commerce that was – by design – required to be disbursed and executed in a short timeframe. This timeframe is, by association, reflected in our RFP process.

SIMBA is committed to ensuring that this process is as accessible and supportive for you as possible, given the unique parameters. With that, we welcome questions and conversation, especially if you are perceiving potential roadblocks or need more clarity. Tiffany Harms is our RFP point person and would be happy to check in with you. She can be reached at team@spokaneindependent.org and 253-224-8080.

This means that we will need all selected vendors to have a UEI by the first invoicing deadline on April 25, 2023.
